From the back cover

"Frank Cunningham shows with utter clarity how the perspective of this penetrating thinker illuminates the present crisis of financialized capitalism." – Nancy Fraser

"Cunningham's masterful account of Macpherson's work is clear and accessible. It suggests new ways to understand our present political reality." – Carol Gould

"Frank Cunningham's book performs the invaluable service of introducing C.B. Macpherson's seminal political thought to a new generation." – Charles Mills

"Frank Cunningham has put us in his debt in this penetrating study of Macpherson's critique of the picture of human nature underlying the currently hegemonic neoliberalism." – Charles Taylor
